Dear Mr. Edwards:

On June 16, 1994, a field compliance inspection was conducted for your mining notice, UTU-070711, which includes unpatented mining claims UMC 36548-36550, 262902, and 262903, located in Section 5, T. 19 S., R. 14 W. This notice was accepted by our office on August 31, 1993, under the 43 CFR 3809 regulations for surface management. Based on our inspection, we have determined the surface disturbance related to your mining operations has been satisfactorily reclaimed. Therefore, this notice case file is closed.

If you restart any mining related activity that causes surface disturbance, then you must re-notify this office at least 15 days prior to the start up of your operations.

Thank you for submitting your notice and for your support in proper management of public lands.

Sincerely,

Rex Rowley
Area Manager
